Choosing a Metro Ethernet Connection from Brown Dog Networks gives you a simple, low cost Internet Solution with scalability for future growth. **What is Metro Ethernet?**

Brown Dog Networks Ethernet Services are delivered over an ethernet cable to any networking device in your office or suite. This eliminates the high cost of media converters or high end routers required to terminate certain traditional services.

Features and Benefits

- Bandwidth options from 3Mb/s to 1000Mb/s
- Scalable provisioning changes in under 24 hours
- SLA Available for 99.99% uptime
- Layer 2 or Layer 3 connectivity
- Service can be installed in as little as 2-3 days

Where is it available?

Brown Dog Networks Metro Ethernet Internet services are available in the following locations

- USBank Building - 505 North 7th Sreet, St Louis, MO
